

PRESS RELEASE

Effective Date: Tuesday 8th April 2008

Worldsmart Retech announces the acquisition of Future Retail Pty Ltd.

With plans to dramatically increase its market share in the hospitality industry, and have complete ownership of its entire solution moving forward, Worldsmart Retech announces today the acquisition of Future Retail Pty Ltd.

Worldsmart Future is the formation of Future Retail and the hospitality division of Worldsmart Retech. The formation of these two market leading companies brings together the best of the best – from POS solutions to the Future back office suite of products. With over 25 years of experience in the market, Worldsmart Future now has the right solution for all hospitality markets.

Worldsmart Future CEO Melissa Davin stated that “the formation of these two market leading companies provides a unique opportunity for the industry. It is an opportunity to capitalize on both superior Back Office and Point of Sale technologies that has been developed for over 25 years”

Worldsmart Future General Manager Craig Oakley continued by saying “the complete business solution offered by Worldsmart Future means that one company is able to offer the Australian Hospitality industry the leading inventory, POS, Security and Time & Attendance Packages on the market today. We plan to strengthen our presence in the Australian market place and continue to deliver leading business solutions to our customer base”

Future has been designed to deliver increased financial control and efficiency, and to help any size operation achieve and maintain a competitive advantage. Future gives you a comprehensive management of inventory, membership and loyalty

With Future you will get up-to-date reports showing stock-on-hand in every location, allowing you to monitor inventory levels, and reduce overstocking, shrinkage and theft. The information management tools at your disposal will ensure that you maximise yields, minimise costs, and fully realise potential revenue.

Future combined with Worldsmart Future’s complete range of Point of Sale products including, imprs, Quest and FuturePOS provides clients with a Point of Sale choice that is designed specifically for the hospitality market. Worldsmart Future has worked directly with industry specialists to design a Point of Sale system that works for the industry and provides functionality that directly benefits the hotelier. We believe it is the choice of products that allows you to design a system that is perfect for your environment.
